

# Bench Recognition Program

Jackson Bottom Wetlands Preserve offers an excellent opportunity to honor or memorialize a loved one, friend, or organization while supporting our mission of Connecting Water, Wildlife, and People. This program honors those who are being recognized, but assures that visitors to the Education Center and Preserve will have benches for their use and enjoyment. Each bench includes a 2" x 8" bronze recognition plaque that will accommodate up to 65 characters.

To place an order, print and complete the following order form and send to Jackson Bottom Wetlands Preserve. Call Karen Newton at 503-681-6206 with any questions.
